I HEREBY CERTIFY THAT THIS PAPER IS BEING  
SENT BY U.S. MAIL, FIRST CLASS, TO THE  
COMMISSIONER FOR PATENTS, P.O. BOX 1450,  
ALEXANDRIA, VA 22313-1450, THIS

20<sup>th</sup> DAY OF January, 20<sup>05</sup>  
  
PATENT ATTORNEY

Sir:

An interview was held between Theodore M. Magee, Thomas Shortledge and Talivadis Smits on December 14, 2004. Claims 1, 5, 7, 9, 21, and 23 were discussed.

In regards to claims 1 and 23, Applicant discussed how Woods does not show or suggest a transition entry that has a last transition value that indicates that the transition entry is the last transition from the state. With regards to claim 7, Applicant stated that Schapiro does not show or suggest an index to a rule entry that represents a group of transitions. With regards to claim 9, Applicant stated that none of the cited references show rule entries that represent a group of transitions and that all have the same fixed size. With regards to claim 21, Applicant stated that Chung does not show or suggest transition entries of a same size.

The Examiner agreed that the arguments put forth by the Applicant overcame the existing art. The Examiner indicated in a follow-up interview that although the claims overcame the existing art, the Examiner would like to perform a further search.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,
